SCOIR

Your College Search Starts Here

Introducing SCOIR- Our New College Search and Application Management Program

School Counselors: Heather Daley, Nicole Kunkel,

Alicia Loscalzo, and Stacy Marshall

Scholarships

- Applications are often available and open in January and February.
  - Beginning February 1st, check weekly on the website or in Room 154 for scholarships.
  - https://communityfoundationshv.org/ The Community Foundations of the Hudson Valley houses all local scholarships, many of which are available to JJ students.
- They often use the same materials as the college application (essay, letter of recommendation), so it is often just completing an application.
- Many scholarships go unused each year!
- https://www.wappingersschools.org/Page/7104
  - This is the link to the Scholarships page through our School Counseling department, where scholarships are offered and updated frequently.

How to Use SCOIR

- SCOIR is how you search for colleges and keep track of the colleges where you want to apply.

- SCOIR is how your school counselor will send your documents to the college to complete your application.

- Common App/College Website/SUNY App is HOW you apply to colleges.

  - Once a student applies, they must complete a Transfer Request Form to let their counselor know where to send their documents- their application will not be complete until this is done.

SCOIR Highlights

- ▶ **College Search**
  - ▶ Narrowing down your list by major, interest, location, school size and type
- ▶ **Application Tracking**
  - ▶ Organizing colleges into columns- Not Interested, Interested, Applying and Applied
- ▶ **Virtual Tours**
  - ▶ Visit colleges from your computer
- ▶ **Scattergrams**
  - ▶ A visual tool to see the application outcomes of students from John Jay
